

Port of Woodland

Business is better here.

AGENDA

WORKSHOP

June 3, 2008

6:30 PM-9:00 PM

City Hall Council Chambers

100 Davidson Ave. 2nd Floor

PURPOSE OF WORKSHOP:

The Port of Woodland is updating the Port's Comprehensive Plan. The intent of the workshop is to discuss and evaluate the Port's priorities and goals so that the Port's Comprehensive Plan reflects the goals and priorities the Port has set forth.

PROCEDURE:

The Port of Woodland has invited the Public to attend the Comprehensive Plan Workshop, so that the public can give input on items that they feel are important or of concern regarding the Port of Woodland. President Boon is conducting the meeting, and will maintain order of the meeting. President Boon will open each item on the agenda for discussion amongst the Commission, and then will open public comment on each item for discussion, and will allow each member of the audience an opportunity to speak for a time of no longer than 3 minutes per topic.

PROCESS:

At the last workshop discussing the Port's Comp Plan, held on May 1, 2008 the last topic discussed on the agenda was "Austin Point". The workshop will start with discussion of Austin Point and go through in order the remainder of the agenda. If all items on the agenda can not be discussed during the time given for the workshop, the remaining agenda items will continue to the following workshop (another workshop will be held only if all agenda items are not able to be addressed).

Following the workshop series on the Comprehensive Plan, Staff will formulate updates to the Comprehensive Plan. At a regularly scheduled Port meeting (regularly scheduled Port meetings are the 3rd Thursday of the month, at 5:30PM at the Port Office) there will be a public hearing on the Updated Plan. Following the public hearing the Commission will move to adopt the Updated Comprehensive Plan.

AGENDA:

MISSION:

Commission Discussion: Changes to current Mission Statement?

Public Comment
